

A background image of a stage with red curtains. The curtains are closed and have a vertical pleated texture. The lighting is dramatic, with the curtains appearing to glow from within, creating a rich red color. The stage floor is visible at the bottom, appearing dark and slightly reflective.

Celebrating International Women's Day 2020
"The Importance of Being Yourself"

... an adventure for the soul

7th March 2020
2pm - 4pm

The Royal Hall, Ripon Rd, Harrogate

'Friend of the Show' Partnership

In honour of International Women's Day with charity partner: IDAS

What is the show? Do you truly listen to your gut instinct? What about your heart? If so, do you follow it? Being yourself is your gift to the world... Is this easy or challenging to believe?

We are hosting an inspiring afternoon of entertainment, storytelling, powerful insights, laughter and a few surprises.

'The Importance of Being Yourself...' is a theatrical adventure for the soul which will bring into focus your own internal power to feel inspired to listen and follow your own heart! Hosted and guided by internationally acclaimed motivational speaker **Lisa Clifford**, this show will take a multifaceted look at how we choose to use our intuition, how we sometimes ignore it and what is possible if we open our thinking with a few simple mindset changes.

Joining Lisa on stage throughout the afternoon will be many women sharing their own stories of overcoming adversity and celebrating the many milestones in their personal lives and careers.

One of our chosen charity partners for 2020 is IDAS. Every time a person purchases a ticket for one of our events, they can choose to add a donation to their ticket price. Starting life as York Women's Aid in 1977, IDAS is the largest specialist charity in Yorkshire supporting anyone experiencing or affected by domestic abuse or sexual violence.

Their services include refuge accommodation, community-based support, peer mentoring, group work and access to a free, confidential out of hours' helpline. They recognise that most victims of domestic abuse and sexual violence are women and provide a number of single sex services such as refuges to women and their children. However, most of their services are accessible to anyone who is affected by abuse and they encourage male and LGBT+ victims and survivors to access their support.

For children and young people, they have also developed one to one and group support. Their young persons' RYPP (Respect Young Person's Programme) also works with families where the young person is abusive.
